X2 CONSULT

ACCREDITED LEVEL 3:

HOSPITALITY & HOTEL SAFEGUARDING

Course Aims:

This Level 3 accredited Hospitality and Hotel Safeguarding course is tailored specifically for professionals employed within the hospitality and hotel industry. Its primary objective is to equip participants with essential skills and knowledge vital for ensuring the safety and well-being of its individuals within its hotel and hospitality establishments. This comprehensive program covers a wide range of critical topics, including risk identification, the effective implementation of safeguarding protocols uniquely suited to the industry's challenges, pre-event / hotel planning strategies, practical real-life examples, response planning, and the referral process. Throughout the course, we place a strong emphasis on fostering an inclusive and respectful atmosphere, with a particular focus on addressing concerns related to safeguarding and guest protection. By the course's conclusion, attendees will be well-prepared to confidently manage various safeguarding situations that may arise within the hospitality and hotel environment, all while placing a top priority on the safety and well-being of guests and staff alike.
